

Name: Abdallah Ammar
Rank: Instructor - Mathematics & Physics

Personal Information

Nationality:	Lebanese
AU Joining Date:	1-1-2025
E-Mail Address:	a.ammar@au.edu.kw

Professional Information

Education:	- Masters in pure mathematics Lebanese university Jan 2017 - Jan 2019 - Masters in math education Lebanese university Jun 2021 - 2023 - Diploma in teaching mathematics Lebanese university 2018 - Bachelor in pure mathematics Lebanese university Jun 2010 - 2013 - Diploma for coordinators and Division Heads Haigazian University 2024
Specialization:	Pure Mathematics and Math Education
Current Academic Position:	Instructor - Mathematics & Physics
Current Professional Positions:	NA.
Previous Administrative Position Held:	Course Coordination at Phoenix international school.
Previous Academic Positions Held:	Instructor - Mathematics & Physics
Fellowships And Honors:	"Best Mathematics Teacher Award", for excellence in mathematics education.

Teaching Experience:	Mathematics instructor, School of engineering, Australian university (2025- Present): ○ Teaching the following courses: Basic Algebra, Pre-Calculus, Calculus I & II & III and Differential Equations ○ Responsible for explaining the materials, making assessments and grading ○ Preparing weekly plan ○ Advising students choosing and registering for classes ○ Working with students through their final projects Mathematics Teacher, Global Bilingual Academy-Kuwait (2020-2024): ○ Teaching all levels (7 – 12) ○ Responsible for explaining the materials, making test and grading ○ Preparing lesson plans Mathematics instructor, Lebanon (2012-2020): ○ Teaching a Mathematical courses & Final Project. ○ Responsible for explaining the materials, grading assignments, tests and projects
Industrial And Technical Experience:	NA.
Research Interest:	Pure Mathematics. Applied Mathematics. Math Education.
Research Grants:	NA
Research and Publications including Journal and Books:	The lack of exponential stability of the hybrid Bresse system- Lebanese university. The Effect of using discourse in teaching probability for High school students -Lebanese university.
Paper Presentations at Professional Conferences:	Analyzing math discourse instruction's impact on eleventh graders' procedural and conceptual understanding of probability and statistics.
College Service including committee Membership:	Organizer, College-wide Mathematics Competition.
National Service:	Participating in national conferences and workshops (MGraw Hill workshops)
College Committees:	Teaching and Learning Committee.
